South Dakota
1991 ACT ASSESSMENT RESULTS

The 1991 graduating class is the second group of students to take the "Enhanced ACT Assessment". This provides us our first opportunity to compare results without the use of concordance tables. This is also the first year for state averages in all five score areas. Listed below are the summary statistics for all national averages. Table 1 shows the differences between South Dakota averages and national averages. Table 2 shows the differences between 1990 and 1991 South Dakota scores.

South Dakota students taking a core curriculum: 4 units of English and 3 units of Mathematics, Social Studies and Science or more, had an average composite score of 22.5. Students taking less than a core curriculum had an average composite of 19.3.

Source: Data provided by the American College Testing Program, High School Profile Report, Normative Data, 1991, ACT Research Services. The data are based on students who elected to write the ACT Assessment on national test dates. The norms do not include those students who were administered the assessment on local college campuses. Approximately 68% of South Dakota high school graduates take the ACT assessment.

SCHOOL DISTRICTS PROFILE

The following pages represent a summary of data as reported by school districts for the 1990-91 fiscal year. The data on tax levies and valuations was reported by county auditors as taxable valuations of 1990, with taxes payable January 1, 1991.

In 1989 the South Dakota Legislature passed a two-year tax freeze. The total amount of property tax dollars levied on any property for school purposes which is assessed in 1989 and 1990, and payable in 1990 and 1991, shall not exceed, but may be less than, the total amount of property tax dollars on such property for school purposes levied in 1988 and payable in 1989.

The valuations assessed in 1990 (payable in 1991) are shown on the following pages. Only the HOME COUNTY Assessment to Sales Ratios (based on 10 or more sales during 1990) are shown. The Home County Taxable Percent is no longer included on the school profiles. On July 1, 1989 SDCL 10-6-33 was amended to read as follows, "The full and true value is the taxable value of such property upon which the levy shall be made and applied and the taxes computed."

In the Revenue section of the following profiles the column "Other Funds" will combine revenue collected in the Pension, Bond Redemption and Capital Projects Funds. Also the general aid listed under "State Aid Received" includes the following; general aid (foundation program), contracting and reorganization incentives, 3-day in-service, growth aid, $6.1 million educational salary package, and a $9,683,000 teacher salary package.
